Oversize, overmass traffic movements will occur at **Gate 3B on Driver Avenue** on the following dates and times:

The Oversize, overmass traffic movements have to be scheduled during times where traffic levels are low on the surrounding roads, and will be under traffic control where required. Both the out of hours works and oversize, overmass traffic movements have been approved by the Department of Planning, Industry and Environment and all required road occupancy licences, permits and approvals have been granted.

The Site Managers will be contactable on 0412 101 765 for the out of hours works and 0417 575 958 for the oversize, overmass deliveries at Gate 1A and 0400 146 219 at Gate 3B.

We understand the potential impacts this may cause to our neighbours. We will take all feasible and reasonable measures to minimise noise and other impacts during these works. Noise monitoring will also be conducted.
