

Powerhouse Parramatta

Community construction notice

2 February 2022

infrastructure.nsw.gov.au/powerhouseparramatta

Welcome to 2022

It is an exciting time for the local community with Powerhouse Parramatta, the largest investment in cultural infrastructure since the Sydney Opera House and the first major NSW cultural institution to be established in Western Sydney.

At Lendlease, we are excited to be partnering with the Powerhouse and Infrastructure NSW to undertake the main construction phase of Powerhouse Parramatta.

Drawing on our experience in delivering complex and world class projects we know the importance of community engagement. The health and safety of the community remains our top priority.

We are now responsible for managing the site and will be commencing the following construction activities:

- Site establishment including installing site hoarding and construction access points
- Civil works, including service diversions
- Piling activities.

We look forward to delivering this project.

Lendlease Project Team
Powerhouse Parramatta

Pedestrian access changes

The existing staircase on the southern side of Barry Wilde Bridge on Wilde Avenue is now closed to enable construction activity.

Pedestrian access will be maintained via Phillip Street and George Khattar Lane. Access pathways are detailed on the site image overleaf.

Construction hours

Our approved construction work hours are:

- Monday to Friday, 7.00am to 6.00pm
- Saturday, 8.00am to 1.00pm.

Any planned works outside of these hours will be communicated in advance.

Keeping you informed

We are committed to keeping you informed and regular updates will be provided.

For construction related questions, feedback or complaints, please:

We are moving online

Minimising our environmental impact and reducing unwanted mail is important to us.

To limit paper usage a 'digital first' approach for the distribution of communication material is being adopted.

Subscribe to receive the latest project news via email including construction updates or scan the QR code.

We understand digital access to information may not suit everyone. If you prefer to receive updates in your letter box drop please email powerhouse@lendlease.com with your name and street address. Alternatively, phone 1800 574 931 to make these arrangements.

Construction site location and boundary

The construction site has three main boundary frontages: Phillip Street, Wilde Avenue and Parramatta River.

Construction work areas will be surrounded by a combination of solid hoardings and mesh fencing to allow safe pedestrian, cyclist and vehicle movement. Hoardings and fencing minimise dust and noise and create a safety barrier between construction areas and the community.
