

New Sydney Fish Market

Works notification

September 2022

Bridge Road investigation works

Night works are required to investigate existing utilities in the area and the existing road level prior to designing the route of a new gas main connection to the new Sydney Fish Market.

Starting **Monday 10 October 2022**, works will be carried out between **10pm and 5am** for five consecutive nights. Please note work schedules may change due to inclement weather conditions, and authority approvals.

Works will include non-invasive techniques to locate existing services and be carried out at night to minimise impact on local traffic conditions. Minimal noise is expected during these works and no digging, trenching or other noisy works are required for this phase of work.

The site manager can be contacted on 0474 248 182 during the night shifts. For any other enquiries please contact the phonenumber and email below.

The location of these works is along Bridge Road, adjacent to the current Sydney Fish Market. See figure 1 on page two.

Key dates

10-15 October 2022
(weather permitting)

Location

Bridge Road, Glebe

How this affects you

These night works will require reducing traffic to one lane at times along Bridge Road. The following diversions will be in place during the shifts:

- Traffic control will divert vehicles and cyclists around the work zone. One or both directions of traffic may temporarily be reduced to one lane.
- There will be no impact to pedestrians.

The work zone will be removed at the end of the shift, and travel along the Bridge Road will resume as normal. We understand the potential impacts this may cause to the local community. Thank you for your understanding during this work.
